BACCN Twitter Chat was launched during the #BACCNConf2016 in Glasgow and it's been great exploring all your views and opinions on subjects that matters to us all.

Rapid Response Systems and teams in the UK have been in existence for nearly 20 years in one form or the other. With this in mind I would like to kick off our second year of BACCN Twitter Chat asking about your experience of Critical Care Outreach, Patient at Risk Team's ect. Does it work for you and your team in your area? Are you a member of a Rapid Response Team - what has been your experience?

So let's talk #RandR
