Subject: Open visiting in ICU

This chat will be moderated by: Trish McCready (BACCN Board) on behalf of @BACCNUK using #baccnvisit

BACCN Twitter Chat was launched during the #BACCNConf2016 in Glasgow. We've now successfully hosted 7 Twitter Chats and we'd like to thank all those that have taken part; it's been great exploring all your views and opinions on subjects that matters to us all.

BACCN published a position statement on visiting in ICU in 2012, since then there's been an ongoing debate with regards to the various pro's and con's of open visiting in ICU, so for our next Twitter Chat we would like to hear from you:

- 1) What would you want if you are the patient and or the family member?
- 2) Does your personal view differ from your professional view point?
