

Scotland Region Committee update

Over the last couple of years, the Scottish Region Committee has gone from strength to strength. Previously the Committee was down to 7 members, with no Chair or Treasurer due to new jobs and new commitments which did not leave time to give to the BACCN committee.

Now we have all Office bearers and a full active Committee. However, again due to other commitments and health issues we have had a few changes.

Standing down are:

Kirsty Martin

Kerry Devlin

Alison Despard

Michelle Moffatt

We would like to thank Kirsty, Alison, Michelle and Kerry for their work on the committee for the last few years and wish them well in their new ventures.

New committee Members:

Kate Hill

Therese Gibbons

We would like to welcome Kate and Therese to the committee

Kate is a Practice Development Nurse at Glasgow Royal Infirmary. As part of her role, she is module leader of the Critical Care course accredited to Glasgow Caledonian University.

Therese Gibbons: Therese is a Staff Nurse working in ICU in Glasgow Royal Infirmary.
