

**BACCN Northern Region AGM**  
**Membership Secretary's Report**  
**27/10/15**

**Current Status**

Up to September 2015, there were 80 members, with 5 link members identified across the Northern Region, including Northumbria Specialist Emergency Care Hospital, Sunderland Royal, North Tees, Freeman Cardio ICU and QE Gateshead. We currently have 16 Critical Care Units in the Northern Region

**Plan for the future:**

1. Membership update and recruitment

In order to further promote BACCN and hopefully increasing memberships, members of the committee have been visiting units to promote BACCN and encourage membership. There has been a promotional stand at the NoECCN Annual Conference and also Promotion opportunities at the NoECCN Study events and meetings.

Opportunity to promote BACCN with the introduction of the E-Learning portal, join before January "make a saving" before price increase.

2. Link members Recruitment

In order to achieve at least one Link Member(s) on each unit, members from following hospitals will be further targeted:

RVI Neuro and General	Freeman General
Carlisle	Whitehaven
James Cook	Friarage
South Tyneside	Durham
Darlington	

Julie Patten  
Membership Secretary, BACCN Northern Committee
