

Scotland Region Present:

Cardiovascular support in critical care webinar

Are you a new nurse working in critical care? This evening webinar is for you!

This is the second webinar in a series of events hosted by BACCN Scotland committee, aligned to adult step 1 CC3N competencies.

Sessions:

- Rhythm recognition and management of common arrhythmias in critical care
- Management of shock
- Inotropes and vasopressors in critical care

Date: Wednesday 5th February 2025, 7pm – 9pm.

This is an online session and will be recorded.

Cost: Students (free), BACCN members (free), non-members £5
