

## **BACCN Conference 2024 Grant Report**

**Abigail Levison**

I attended the BACCN conference earlier this month in Aberdeen with another colleague from our Acute Care Team. The conference was an excellent opportunity to network with other professionals, discuss important topics and learn about changes and new advancements in critical care nursing.

Being from an outreach team, I particularly enjoyed the focus on Martha's Rule and patient safety. The presentations about hospital wide 4-hourly observations were also thought provoking; I will be discussing these ideas in our Trust Deteriorating Patient Steering Group.

Thank you for this opportunity; I am looking forward to attending next year's event and continuing to support the BACCN network.
